

Someone thought it would be a good idea to breach my copyright by posting my download link to the eBook -- "I Cured My Chronic Fatigue" on the forum site you have just visited so as people can access my eBook for free.

The only problem with that is that it undermines my ability to dedicate my full time to educating people about environmental illness and supporting those people with C.F.S. / M.E. / Post Viral Fatigue that wish to undertake the detox that resulted in my return to health.

If you are interested in my Chronic Fatigue recovery story and how I wasted 15 years of my life and spent £20,000 doing it! please visit:
